

Reasons To Choose RenVilla Health Center For Your Rehab.....

I recently broke my leg and spent a couple of weeks in the Renvilla. While there, I became friends with several of the residents. I learned to appreciate them and learned of their lives before their time at the Renvilla. The staff there was so very helpful and friendly.

My stay happened just before the holidays; the staff went out of their way to be joyous. They were caring to those residents who needed more help. They were very aware when a resident didn't appear to be well. Even though I spent much of my time in my room, they always stopped by to see if I wanted to join in on an activity. Now that I am back home, I find myself missing my new found friends. Once I am back on my feet, it is my goal to become a volunteer there.

The RenVilla is a wonderful asset to our community.
