

Reasons To Choose RenVilla Health Center For Your Rehab.....

I certainly never thought I would be going to a Nursing Home! But I tell you that it was a great place, especially when needed for my recovery!

My RenVilla experience started with being greeted at the door when I arrived, it made me feel comfortable right away! I have to say all the staff assisting with my daily needs and recovery were great, I could see they liked their jobs! The therapy team helped me so much to ensure I could reach my goal of going back home. Every day I enjoyed an excellent variety of food, good cooks and helpful staff. I really enjoyed the café where I could get soup, salad or sandwiches when I wanted. My room was cleaned every day, and my laundry and linens were always brought back with a smile. Everyone always stopped by to listen and visit. Share a word or two and have a conversation with me. Now I am home again! I have to say I would recommend Renville Health Services to everyone!
