

Renville Health Services

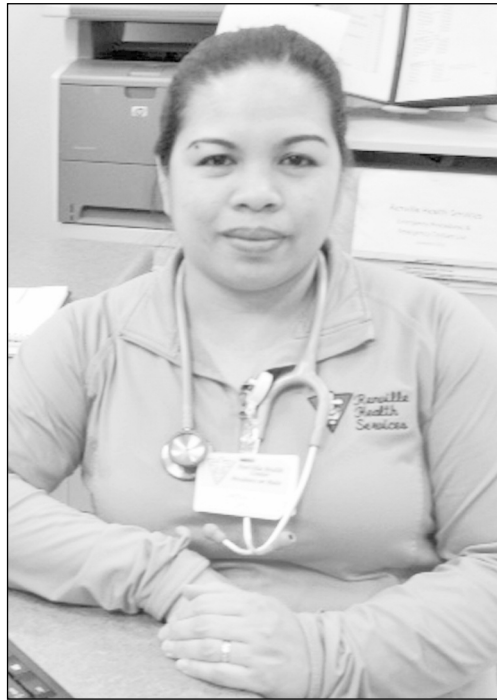

Employee of the Year

~ **Dahlia Schueller** ~

Dahlia Schueller of Renville is RHS Employee of the Year. Dahlia lives in Renville with her husband Paul, and their daughters: Felicity, 5 years and Arabella, 18 months.

Working with Residents and her co-workers is why she loves her job at RHS. "My first job when I moved to the United States was at the RenVilla as a CNA, after 3 years I trained to become a TMA. Two years ago, I received a scholarship from the RenVilla to continue my education and receive my LPN degree, and now I am hoping to be an RN, finishing my classes in May."

Congratulations Dahlia, everyone at RHS is very proud of you!

**RenVilla Health Center working to provide quality care
in a happy environment!**

Our Mission

We are committed to express Christ's message of love and hope by providing for health, residential, community, and allied services in a holistic, competent and caring manner that recognizes that value and dignity in every human life.
